

Article Overview

Anda Telecom Private Limited, New Delhi, is a leading manufacturer of distribution boxes, including optical distribution boxes, for telecom and data communication applications.

Anda Telecom Pvt. Ltd. is a dynamic telecom company based in New Delhi, India, specializing in optical distribution boxes, ATS switches, and related telecom hardware. Their distribution boxes are designed for both indoor and outdoor applications, supporting fiber optic and electrical connectivity needs in residential, commercial, and industrial settings . The company collaborates with international partners, such as Multi-Tech Systems, USA, to bring advanced data communication and telecom products to India and SAARC countries .

Product Offerings

- o Optical Distribution Boxes: Used for fiber optic terminations, cross-connects, and network distribution. These boxes are suitable for managing multiple fiber connections efficiently .
- o ATS Switches: Models like ATS 2900, ATS 1010GP, and ATS 1018GP are part of their product line, providing reliable switching solutions for telecom networks .
- o Electrical Distribution Enclosures: Anda's products include modular enclosures for low-voltage electrical installations, designed for durability and easy access to connections .

Company Profile

Anda Telecom India was established to provide world-class connectivity products at affordable prices. The company leverages extensive experience in data, telephony, and mobile applications to serve customers across India and neighboring countries . Their products are widely used in telecom infrastructure projects, network expansions, and fiber optic deployments.

Contact and Sourcing

Anda Telecom's products are listed on platforms like IndiaMART, where potential buyers can view specifications, request quotations, and contact the company directly for bulk orders or technical support . For businesses or individuals seeking high-quality distribution boxes for telecom or fiber optic networks, Anda Telecom Pvt. Ltd. is a reliable manufacturer with a proven track record in India and the SAARC region .
