

Article Overview

While there are no widely known manufacturers based directly in Andorra, several international companies supply distribution boxes and related electrical equipment to the region.

International Suppliers Serving Andorra

- o Andeli Group (China) Andeli Group manufactures a wide range of electrical products including distribution boxes, weather-protected isolating switches, and industrial plugs and sockets. They provide global shipping and 24-hour online support, making them a viable option for supply to Andorra .
- o AVR Global Tech (AVRGT) AVRGT offers custom electronic distribution boxes and wiring assemblies, including full box-build services with integrated PCBs, cables, and mechanical components. They provide scalable OEM manufacturing and can handle custom designs, which may be suitable for specialized projects in Andorra .

Local Distribution Options

While Andorra does not appear to have a dedicated manufacturer, local distributors or wholesalers may provide access to these products:

- o Diplo Andorra focuses on wholesale distribution in Andorra and may assist in sourcing electrical equipment, though their primary focus is on food and consumer goods .
- o Transport companies like Ariza Andorra can facilitate delivery of imported distribution boxes from nearby European suppliers .

Recommendations

- o For standard distribution boxes, contacting European suppliers with shipping to Andorra is practical.
- o For custom or specialized assemblies, AVRGT or similar OEM manufacturers can provide design, assembly, and pre-installed electronics.
- o Consider working with a local distributor or logistics partner to handle import, compliance, and delivery within Andorra. By combining international manufacturing with local distribution support, businesses in Andorra can access a wide range of distribution boxes and related electrical components efficiently.
