

Article Overview

Key indoor distribution box manufacturers in Bahrain include BSLI, Bahra Electric, Ameerri Industries, and Coloria Group, offering high-quality, IEC-compliant solutions with customization and local support.

Leading Manufacturers and Suppliers

1. Bahrain Switchgear & Lighting Industries (BSLI) BSLI is an OEM specializing in custom electrical power distribution products. They provide personalized service, high-quality components, and custom-designed equipment at competitive prices. BSLI integrates components from major brands like General Electric, ABB, Legrand, and Hyundai, ensuring flexibility in design and construction of indoor switchgear and distribution boxes. Their products undergo strict quality assurance and testing, and they offer warranties for peace of mind .

2. Bahra Electric Bahra Electric manufactures distribution boards (DBs) for indoor and outdoor applications, adhering to IEC 61439-1 & 3 standards. Their DBs provide reliable circuit protection against overloads and short circuits. Bahra Electric emphasizes rigorous testing in internationally recognized laboratories, ensuring high-quality, dependable indoor distribution solutions suitable for residential and commercial environments .

3. Ameerri Industries / AMETECH AMETECH offers wall-mounted and floor-mounted metal enclosures used for assembling power distribution, control, and automation panels. Their enclosures come in various sizes and IP ratings, making them suitable for indoor distribution box applications. These enclosures are robust and designed to meet industrial standards for safety and durability .

4. Coloria Group Coloria provides distribution boxes and electrical solutions across the GCC, including Bahrain. They focus on innovative, high-quality products and offer local support for installation, maintenance, and rapid repairs. Coloria positions itself as a one-stop solution provider for both small-scale and large-scale projects, ensuring supply chain simplification and reliable service .

Additional Considerations

When selecting a manufacturer in Bahrain, consider:

- o Compliance with international standards (IEC 61439 series)
 - o Customization options for specific project requirements
 - o Component quality and brand flexibility
 - o Local support and maintenance services
 - o Warranty and after-sales service
- These manufacturers provide a range of indoor distribution boxes suitable for residential, commercial, and industrial applications, ensuring safety, reliability, and compliance with global standards.
