

Case Study of a Distribution Box Manufacturer

Preview

Mango, a world famous clothing company was looking for a reusable and nestable box to use in the 250 000m² fully automated distribution centre. As a regional manufacturer of snack foods, Mikesell's(R), headquartered in Dayton, OH, primarily services the grocery and convenient store industry in the states of Ohio, Indiana, Kentucky, and Illinois. Though we offer private label goods, the bulk of our business is our own Mikesell's(R) brand. To. When it comes to constructing safe, efficient, and reliable buildings--whether residential complexes, bustling commercial hubs, or critical healthcare facilities--the backbone often lies in components we rarely see but rely on daily. An independent packaging company was structuring itself for growth. This project case study follows a prefab housing manufacturer that faced repeated delays and quality risks caused by standard, off-the-shelf electrical panels.

Learn the step-by-step distribution box manufacturing process--from design and material selection to assembly and testing. E-abel provides high-quality electrical
