

Complete List of Turkish Fiber Optic Connector Models

Article Overview

Turkish fiber optic connectors include SC, LC, ST, FC, MU, E2000, and their APC/UPC variants, available in both single-mode and multi-mode types from domestic manufacturers.

Standard Connector Types

Turkish manufacturers and suppliers offer a wide range of fiber optic connectors suitable for various applications:

- o SC (Subscriber Connector) - Standard push-pull connector, available in single-mode and multi-mode, including SC/APC for angled physical contact.
- o LC (Lucent Connector) - Small form factor connector, single-mode and multi-mode, with LC/APC variants.
- o ST (Straight Tip) - Bayonet-style connector, commonly used in multi-mode networks.
- o FC (Ferrule Connector) - Screw-on type, available in single-mode and FC/APC for low back reflection.
- o MU (Miniature Unit) - Compact connector for high-density applications.
- o E2000 - High-performance connector with spring-loaded shutter, suitable for single-mode networks.
- o Other specialized connectors - Epoxy types, irregular or custom connectors for specific network requirements. All connectors are typically supplied with dust caps and comply with RoHS standards for environmental safety (emtekno) and are available in both single-mode (SM) and multi-mode (MM) configurations .

Turkish Manufacturers and Suppliers

Several Turkish companies produce or supply these connectors:

- o PROTEL - Offers single-mode and multi-mode pigtails, patch cords, and ready-to-install multi-fiber cables, including SC, LC, ST, and FC connectors .
- o emtekno - Supplies a variety of standard and irregular fiber optic connectors, including SC, LC, FC, ST, MU, and E2000, with APC/UPC options .
- o TTAF - Focuses on domestic production and R&D, providing customized fiber optic solutions and connectors for professional networks .
- o OPTOKON Elektronik - Produces high-quality fiber optic components and assemblies, supporting both existing and next-generation optical networks in Turkey .
- o Other notable suppliers - Turkuaz Kablo, Upcom, Fotech, Nexans, OFT, YILTEM, Netcom, and OPTOKON Turkey provide a range of fiber optic connectivity solutions, including connectors, termination kits, and accessories .

Summary

Turkish fiber optic connectors cover a comprehensive range of models suitable for telecom, data centers, and FTTH networks. The main types include SC, LC, ST, FC, MU, and E2000, with APC and UPC variants, available in single-mode and multi-mode. Domestic manufacturers like PROTEL, emtekno, TTAF, and OPTOKON ensure local availability, customization, and compliance with international standards, making Turkey a reliable source for fiber optic connectivity solutions.
