

Dimensions of Overseas Distribution Boxes

Preview

Box dimensions are always written in the same order: Length x Width x Height (L x W x H). This is the universal convention used by packaging suppliers, carriers, and retailers worldwide. A convenient and easy-to-use box size guide just for you! 37 x 37 x 47 = 64. For example, a box listed as 12 x 9 x 4 in is 12 inches long, 9 inches wide, and 4 inches tall. These are. Dimensions of Product: The size and shape of your product directly influence the size shipping box needed. It is important to select a box that snugly accommodates your product without too much extra space, which can mean damage in transit. Material strength: Depending on how fragile these items. Incorrectly sized boxes can result in damaged shipments, higher shipping costs, and inefficient use of storage space. Different box types, like RSC, FOL, HSC, OSC, and.
