

Direct Sales from Manufacturer of Fiber Optic Cable Specialized Tools

Article Overview

You can purchase specialized fiber optic tools directly from manufacturers and leading distributors such as Specialized Products Company, Corning, Jonard Tools, and Fiber Instrument Sales.

Manufacturer and Supplier Options

Specialized Products Company offers a wide range of fiber optic, coax, and electrical maintenance tools, including testers and installation equipment. They are a GSA Schedule Holder, making them suitable for both commercial and government purchases, and provide direct sales for professional technicians and contractors (Specialized Products Company), . Corning provides fiber optic accessories and tool kits, including polishing films, cleaning accessories, and replacement parts. Their products are designed for professional installations and can be purchased directly for both single and bulk orders (Corning), . Jonard Tools specializes in fiber optic hand tools, cleavers, thermal strippers, ultrasonic cleaners, and mid-span slit and ring tools. Their catalog includes tools for a variety of cable types, including thick-walled OSP MicroCore(R) cables, and supports precise fiber stripping and connector cleaning (Jonard Tools), . Fiber Instrument Sales (FIS) is a major supplier with over \$10 million in fiber optic inventory. They offer custom patchcords, multifiber cable assemblies, and a wide range of tools and test equipment. Most items ship the same or next day, making them ideal for urgent or bulk orders (Fiber Instrument Sales), . Fosco Connect is a Silicon Valley-based distributor offering fiber optic installation tools, bulk fiber cables, patch cables, test equipment, and cable management solutions. They also provide incentives like cash rewards for orders, making them a practical option for frequent buyers (Fosco Connect), .

Key Considerations for Direct Purchase

- o Tool Type: Identify whether you need hand tools, cleavers, strippers, or testing equipment.
- o Cable Compatibility: Ensure tools match the fiber cable diameter and type (e.g., OSP, indoor, or microcore).
- o Bulk vs. Single Orders: Some suppliers offer discounts or rewards for bulk purchases.
- o Customization: Certain suppliers like FIS provide custom assemblies and patchcords.
- o Shipping and Availability: Check for same-day or next-day shipping if project timelines are tight. By selecting from these manufacturers and distributors, you can access high-quality, specialized fiber optic tools directly, ensuring reliability and professional-grade performance for installation and maintenance projects.

Specialized Products offers clearance for fiber optic test equipment, patch cables, splicing products, termination products and more.
