

Direct Sales of French Galvanized Cable Trays

Article Overview

French galvanized cable trays are available directly from manufacturers like OB Profils and Niedax France, offering a wide range of customizable, high-quality solutions for industrial and construction projects.

Key French Manufacturers and Suppliers

OB Profils is a French company based in Prunay-le-Gillon that designs, manufactures, and distributes cable trays and support systems for all types of construction projects. They offer over 2,500 products, including galvanized cable trays in hot-dip galvanized, Sendzimir, and electrogalvanized finishes. Their trays come in widths from 50 to 600 mm and heights from 25 to 100 mm, with a full range of accessories such as supports, fittings, fasteners, and screws. OB Profils provides custom-made solutions and ensures fast logistics within France and for export, with integrated warehouse management and eco-friendly delivery options . Niedax France is another leading French manufacturer with over 60 years of experience in metal cable support systems. They supply a comprehensive range of cable trays suitable for industrial, energy, transport, and infrastructure sectors. Niedax offers galvanized trays and other finishes, supporting complex technical requirements and large-scale projects. They are a trusted partner for national installers, engineering offices, and electrical wholesalers, providing both standard and specialized solutions . Eurostrut also provides galvanized cable trays suitable for indoor and outdoor applications, including open and perforated designs that reduce overheating risks. They offer fast installation and flexible configurations, and direct quotes can be requested via their webshop .

Advantages of French Galvanized Cable Trays

- o **Durability:** Hot-dip galvanized steel ensures long-term corrosion resistance, suitable for harsh environments.
- o **Flexibility:** Available in multiple widths, heights, and configurations to fit diverse project needs.
- o **Safety:** Open or perforated designs improve ventilation and reduce overheating risks.
- o **Customization:** French manufacturers provide tailored solutions for specific site requirements.
- o **Direct Sales:** Manufacturers like OB Profils and Niedax France allow direct ordering, ensuring competitive pricing and reliable delivery .

How to Purchase

- o **OB Profils:** Contact via their website or request a quote for direct sales and custom solutions.
- o **Niedax France:** Reach out to their sales team for project-specific requirements and direct procurement.
- o **Eurostrut:** Use their webshop to request quotes and place orders for galvanized cable trays . These manufacturers provide high-quality, French-made galvanized cable trays with direct sales options, making them suitable for both domestic and international projects.
