

Article Overview

Dominican stainless steel cable tray prices vary depending on size, grade, and type, typically ranging from \$50 to \$500 per meter for standard industrial trays.

Factors Affecting Price

- o **Material Grade:** Stainless steel trays are commonly available in 304 and 316 grades. 316 stainless steel is more corrosion-resistant and suitable for marine or chemical environments, making it more expensive than 304.
- o **Tray Type:** Ladder, wire mesh, basket, and slotted trays differ in design and manufacturing complexity. Ladder trays with heavy-duty rungs or reinforced slotted trays for dense cable loads are generally higher priced.
- o **Width and Load Capacity:** Standard widths range from 50mm to 900mm, with wider trays or heavy-duty return flange designs costing more. Load-bearing requirements also influence pricing.
- o **Accessories and Configuration:** Couplers, bends, tees, and risers needed for installation add to the total cost. Custom configurations or pre-fabricated assemblies may increase price.
- o **Supplier and Location:** Prices vary by supplier and region. Dominican stainless steel cable trays are manufactured in Germany, and purchasing directly from a factory or distributor may affect cost.

Typical Price Ranges

- o **Light-duty trays:** \$50-\$120 per meter
- o **Medium-duty trays:** \$120-\$250 per meter
- o **Heavy-duty or reinforced trays:** \$250-\$500 per meter
- o **Custom or specialized trays:** Prices may exceed \$500 per meter depending on specifications and environmental requirements.

How to Obtain Exact Pricing

To get an accurate quote for Dominican stainless steel cable trays:

- o Contact official distributors or the factory directly via B2B platforms like Europages.
- o Provide details such as tray type, width, length, grade, and required accessories.
- o Request shipping and installation costs if applicable, as these can significantly affect the total price.

By considering these factors, you can select the appropriate tray type and obtain a precise quote tailored to your project requirements.
