

Ecuadorian manufacturers of electrical distribution boxes

Article Overview

Ecuamatriz, Esemec S.A., and EDIMOD S.A. are key Ecuadorian companies supplying electrical distribution boxes.

Ecuamatriz

Ecuamatriz specializes in the design and assembly of electrical distribution boxes, offering a variety of sizes and configurations to meet project-specific requirements. Their products are engineered for safe and efficient energy distribution, suitable for industrial, commercial, and residential applications (Ecuamatriz) .

Esemec S.A.

Esemec S.A. provides electromechanical services and electrical equipment, including distribution boxes, to both public and private sectors in Ecuador. The company has experience in turnkey projects, supplying equipment, materials, installation, and commissioning. They also offer manufacturer warranties and technical support, ensuring reliability and compliance with quality standards (Esemec) .

EDIMOD S.A.

EDIMOD S.A. is a commercial supplier of electrical materials and equipment, including distribution boxes, cables, and industrial electrical components. They represent leading European brands and provide certified products with technical guarantees, along with services such as electrical installations, automation, and control solutions (EDIMOD) .

Additional Notes

For specialized needs, such as explosion-proof distribution boxes, Ecuadorian suppliers are available and can be sourced through platforms connecting verified buyers and importers (Go4WorldBusiness) . These companies provide a combination of local manufacturing, technical support, and certified products, making them reliable options for sourcing electrical distribution boxes in Ecuador.
