

Enlarged distribution box cover for 18 circuits

Article Overview

For 18 circuits, options include flip-top, hinged, or waterproof ABS/PC covers suitable for indoor and outdoor use.

Recommended Options

o

PZ30 Flip-Top Distribution Box Cover

- o Supports 15/18 circuits and up to 20 miniature circuit breakers.
- o Flip-top design allows easy access without unscrewing the cover.
- o Made of high-strength, flame-retardant ABS, resistant to high temperatures.
- o Transparent cover for quick identification of tripped circuits.
- o Suitable for residential applications with clear labeling and grounding wire connection for safety .

o

HT-18 Waterproof Distribution Box

- o 18-way single-row layout with side-opening hinged cover.
- o ABS base + PC transparent cover, rated IP65 for indoor/outdoor reliability.
- o Reinforced lock buckle, multi-ring knockouts, and copper terminal assembly tested to 960 °C.
- o Can be configured as a PV combiner box with DC fuses or breakers.
- o Dimensions: 335 x 225 x 110 mm (LxWxH), providing ample space for wiring and inspection .

o

ELMARK 18-Way Plastic Distribution Box

- o Built-in mounting with blue cover, suitable for flush installation.
- o Durable plastic construction with warranty support.
- o Designed for standard 18-circuit configurations in residential or commercial settings .

o

WHAMVOX 18-Way Outdoor Distribution Box

- o IP35 waterproof rating, suitable for indoor and outdoor use.
- o Transparent window for quick visual inspection.
- o Standard 35-mm DIN rail for easy installation of breakers.
- o Robust design protects against overloads and short circuits .

Enlarged distribution box cover for 18 circuits

Key Considerations

- o Material: ABS or PC for durability, fire resistance, and weatherproofing.
- o Access: Flip-top or hinged covers improve convenience during maintenance.
- o IP Rating: IP65 for outdoor use ensures dust and water protection; IP35 is suitable for less demanding environments.
- o Compatibility: Ensure the cover fits standard DIN rails and the number of circuit breakers required.
- o Safety Features: Transparent covers, grounding connections, and reinforced locks enhance safety.

These options provide a range of functional, safe, and aesthetically suitable covers for 18-circuit distribution boxes, adaptable to both indoor and outdoor installations.
