

Fiber Optic Patch Cord Quotation

Article Overview

You can request a custom fiber optic patch cord quotation from suppliers like Thorlabs, Fiber Instrument Sales, FiberNexa Optics, or Catalyst Optic Labs, each offering flexible customization, fast turnaround, and competitive pricing.

Key Suppliers and Services

Thorlabs offers a wide range of single mode (SM), multimode (MM), and polarization-maintaining (PM) fibers. Their custom patch cable service allows you to select fiber type, connector type (FC/PC, FC/APC, SMA), and length. Same-day or two-day shipping is available for certain configurations if orders are placed before 2 PM EST on weekdays, though specialty cables may require longer lead times due to assembly requirements . They also provide account support, scheduled deliveries, and kanban stocking agreements. Fiber Instrument Sales specializes in custom patch cables with various connector options including SC, ST, and FC. They provide detailed specifications such as insertion loss and ferrule types, and emphasize short turnaround times for urgent orders . Their service is suitable for telecom, datacom, and campus applications. FiberNexa Optics supplies custom patch cables, MTP/MPO assemblies, patch panels, and other connectivity products for data centers, FTTx, and enterprise cabling. They focus on high-quality assemblies tailored to specific project requirements . Catalyst Optic Labs allows you to build your own patch cord with SC, LC, ST, FC connectors, UPC or APC polish, fiber types OS2, OM3, or OM4, and lengths from 1m to 30m. They offer fast nationwide delivery and premium materials for high-performance applications .

How to Request a Quotation

- o Select Fiber Type: Single mode, multimode, or polarization-maintaining.
- o Choose Connector Type: SC, LC, ST, FC, UPC, or APC.
- o Specify Length: Typically 1m to 30m or custom lengths.
- o Provide Additional Requirements: Specialty fibers, high-power connectors, or specific environmental tolerances.
- o Submit Request: Use the supplier's online form or contact their sales team directly for a detailed quotation.

Considerations

- o Lead Time: Standard cables may ship same day or within 2 days; specialty cables may require longer assembly times.
- o Pricing: Competitive pricing is offered, but costs vary based on fiber type, connector, length, and any specialty requirements.
- o Support: Suppliers provide technical support to help select the appropriate fiber and connectors for your application. By contacting these suppliers with your specifications, you can receive a detailed quotation tailored to your project needs.
