

## Article Overview

Leading cable tray manufacturers in Finland include Meka Pro Oy, Cablex Oy, and Oglaend System, offering high-quality cable management solutions for industrial and commercial projects.

### Meka Pro Oy

Meka Pro Oy is a renowned Finnish manufacturer specializing in cable support systems such as galvanized steel cable ladders, cable trays, aluminium-frame cable management systems, lighting tracks, and socket poles . Their production facility and head office are located in Oulu, with sales offices in Vantaa and Turku. Meka Pro products are modular, durable, and designed for industrial and power plant projects, with testing conducted in-house and at external laboratories to ensure high quality . They also serve markets in Sweden, the Baltic countries, and Russia .

### Cablex Oy

Cablex Oy, part of the global HELUKABEL group, is a customer-focused supplier of cables, connectors, enclosures, and cable management accessories . While primarily a distributor, Cablex provides cable trays and related products for electrical, electronics, and automation sectors, supporting both product development and series production . They also offer repair, inspection, and maintenance services for mechanical and electrical tools .

### Oglaend System

Oglaend System offers a wide range of cable tray systems suitable for both onshore and offshore projects . Their trays are made from stainless steel, galvanized steel, aluminium, and fibreglass composites, with various heights, widths, and slot patterns for flexible installation . They also provide cable ladders for heavier loads and a comprehensive selection of brackets, fittings, and accessories for efficient and compact configurations .

## Summary

For projects in Finland, Meka Pro Oy is ideal for high-quality, modular cable trays and ladders with strong industrial applications. Cablex Oy is suitable for integrated solutions and distribution of cable management products. Oglaend System provides versatile materials and configurations for specialized or heavy-duty installations. These manufacturers ensure compliance with industry standards, durability, and support for design and installation.
