

Article Overview

ROSE Systemtechnik GmbH is a leading German manufacturer of waterproof junction boxes, offering robust polyester enclosures suitable for industrial and outdoor applications.

ROSE Systemtechnik GmbH

ROSE Systemtechnik specializes in polyester junction boxes designed for a wide range of industrial applications, including railway technology, shipbuilding, food processing, and process engineering. Their enclosures are made of glass fiber reinforced thermosetting polyester, providing high durability, UV resistance, and weatherproofing. Many of their products feature hinged lids for easy access, various locking systems, and optional carrying handles. ROSE enclosures meet IP66 standards, ensuring protection against dust and powerful water jets, and comply with DIN EN 45545 for fire safety in railway applications.

Ekabel24

Ekabel24 offers a variety of waterproof junction boxes suitable for installers, electricians, and wholesalers in Germany. Their range includes surface-mounted, flush-mounted, and cavity wall boxes made from robust ABS or polycarbonate, with multiple cable entries and grommets. For outdoor or damp locations, they recommend selecting boxes with IP65 or higher, ensuring long-term protection against moisture and dust. Sizes range from small (75x75x20 mm) to large (190x140x70 mm), compatible with common accessories like WAGO connectors.

Key Features to Consider

- o Material: Polyester, ABS, polycarbonate, or stainless steel for extreme conditions.
 - o Ingress Protection: IP65, IP66, or IP68 for dust and water resistance.
 - o Customization: Options for drilling, painting, engraving, or pre-assembly with electronics.
 - o Temperature Range: Many enclosures withstand -40°C to +130°C, suitable for harsh environments.
 - o Industry Compliance: Fire safety standards, UV resistance, and mechanical impact resistance (IK ratings).
- These manufacturers provide high-quality, durable, and customizable waterproof junction boxes suitable for industrial, outdoor, and specialized applications in Germany. For specific requirements, contacting the manufacturers directly can help select the right enclosure type, size, and IP rating.
