H3C S1850V2-X switch series implements the built-in intelligent port speed limit and energy-saving hibernation functions, and the whole device adopts various green energy-saving designs. It is also compliant with the EU RoHS standard for material environmental protection and safety. H3C UniServer R6900 G6 server, running a full load of 777 high-load virtual machines, achieved a performance score of 13,880 points, setting a new record. H3C's sub-brand Aolynk, designed specifically for SMB (small and medium-sized business) in global markets. (hereinafter referred to as H3C) using industry-leading ASIC technology. CAUTION: Keep the tamper-proof seal on a mounting screw on the S9804 switch chassis cover intact, and if you want to open the chassis, contact H3C for permission. Gigabit unmanaged green switch launched by H3C. It is easy to install, provides a rich set of features, and is widely used in small and medium-sized enterprises, commercial one-key switching of the work. H3C S5810 series Ethernet switch is a high-performance Gigabit Ethernet switch product independently developed by (Huasan) Co., which provides rich server access solutions for data.
