

How to strengthen the Middle East

Preview

In this changing environment, middle powers such as Türkiye and Egypt are pursuing greater strategic autonomy by strengthening indigenous defense capabilities, diversifying partnerships, and adopting more proactive regional roles. That means making smart, strategic choices about the use of military force and diplomatic engagement that reinforce the security of the United States and our allies while minimizing the unintended consequences of foreign military entanglement, which are substantial. 1 This policy note argues that the Gulf Cooperation. The Shift: Global powers are moving beyond "temporary ceasefires" toward a three-pillar permanent stability framework. The Roadblock: Current strategies are deadlocked between military deterrence (U.) and economic lifelines (China). Discussions emphasized de-escalating. In a wide-ranging interview, a senior Israeli diplomat has shared with Newsweek his nation's strategy for realizing lasting change across several fronts that have been embroiled in a nearly two-year war, as well as addressing growing backlash emanating from allies, including the United States. Just. Can the Gulf Rebuild the Middle East? Despite many threats, the Gulf states have emerged with structural advantages that could reshape the region. By Rob Geist Pinfold, a lecturer in international security at King's College London, a research fellow at the Peace Research Center Prague, and an.
