Huawei compatible OM5270S-D2SW is XGSPON & GPON OLT SFP transceiver, operating over Single-Mode Fiber (MMF) optical cable. It has minimum guaranteed optical budget of 34dB for XGPON and 35dB for GPON technology, with in most cases is enough to reach 20km distance. However, distance is just. 5 StarsIn StockThey did what they promised to me at first, each module TX power is tested before delivery and packed well too. Huawei GPON boards include GPON, XG-PON, XGS-PON, XG-PON&GPON Combo, XGS-PON&GPON Combo interface board, so there are these kinds of GPON optical modules corresponding. The product is an integrated module containing a micro-optic component and semiconductor material. It could be used at key locations in optical networks. SPECIFICATION Buy. This 34061745 is 100% genuine Huawei product. Buy it now and enjoy risk free purchase with fast worldwide delivery from GenuineModules.

This XGPON-OLT-N2a product is designed for OLT module based on XGPON N2a technology. The product is an integrated module containing a micro-optic component and semiconductor material.

An XG-PON optical module is connected to one SC optical fiber to provide the 10-Gigabit-capable passive optical network (XG-PON) access service. Corresponding boards:

Huawei ETHB 10Gbit GPON Card for OLT SmartAX MA5600T The H801ETHB board is an Ethernet service access board designed for Huawei OLT SmartAX MA5600T systems. It features optical or
