

Huijue Communication Optical Module Manufacturer

Article Overview

Huijue is a leading Chinese manufacturer of optical communication modules and network equipment, specializing in FTTX products, optical fiber components, and data center solutions.

Company Overview

Huijue Group, officially known as Shanghai HuiJue Network Communication Equipment Co., Ltd., was established in 2002 and is headquartered in Shanghai, China, with production bases in Jiangsu and Guangdong covering over 200,000 square meters . The company employs between 1,000 and 2,000 professionals and focuses on intelligent network communication equipment and advanced energy storage systems . Huijue serves a global clientele, exporting products to Europe, North America, Southeast Asia, the Middle East, and Australia .

Product Portfolio

Huijue specializes in a wide range of telecom and optical communication products, including:

- o FTTX products for fiber-to-the-home and fiber-to-the-building networks .
- o Optical fiber components and optical modules for high-speed data transmission .
- o Outdoor telecom cabinets and data center cabinets with integrated solutions .
- o Customized OEM/ODM solutions for telecom operators and data centers . The company also integrates its communication products with ICT infrastructure, smart city projects, and energy-efficient solutions .

Manufacturing and Quality

Huijue operates eleven assembly workshops, including sheet metal, patch cord, and fiber optic cable production . The company maintains strict quality control and holds international certifications such as ISO 9001, ISO 14001, ISO 45001, CE, RoHS, and CCC, ensuring reliable product quality . Their production capabilities support both standard and customized solutions, providing end-to-end services from design to final assembly .

Global Reach and Clients

Huijue's products are widely used in telecom, data centers, power, and new energy industries . They are a trusted supplier for major telecom operators including China Telecom, China Unicom, MTN, and Etisalat, and their solutions are deployed in over 100 countries . The company emphasizes customer-centered innovation and provides comprehensive support for international clients .

Huijue Communication Optical Module Manufacturer

Summary

Huijue is a high-tech, globally recognized manufacturer of optical communication modules and network solutions, offering a full spectrum of FTTX products, optical components, and data center solutions. With robust R&D, extensive manufacturing facilities, and international certifications, Huijue provides reliable, customized, and scalable solutions for telecom operators and enterprises worldwide .
