

Article Overview

Ireland hosts a range of leading industrial switchgear manufacturers specializing in both low and medium voltage solutions, custom-built systems, and full-service electrical distribution products.

Key Manufacturers

ASC Ltd. ASC Ltd. is a specialist electrical switchgear manufacturer based in Cork, with over 25 years of experience completing more than 7,100 projects across Ireland, the UK, Europe, Russia, and the Middle East . They provide fully in-house design and manufacturing tailored to customer requirements, offering services from consultation and design to installation, testing, and certification. ASC is accredited to BS EN 60439 standards and holds Cubic and Schneider approvals, making them a trusted provider for high-quality, custom switchgear solutions . BMC Manufacturing BMC Manufacturing focuses on low voltage (LV) switchgear, including motor control centers and automatic transfer switches with ratings up to 6300A . They provide design, engineering, manufacturing, and maintenance services, supporting both domestic and export markets. BMC is recognized for its expertise in LV switchgear and full customer support. AMP Engineering Ltd. Founded in 2014 and based in Enniscorthy, Co. Wexford, AMP Engineering Ltd. manufactures LV switchgear and control panels, including main boards, sub-main boards, sub-distribution boards, meter boards, site temporary boards, and motor control panels . Their products are CE marked, IEC 61439 compliant, and fully tested, with a focus on durability, safety, and customer satisfaction. AMP Engineering collaborates with leading controls specialists to provide integrated solutions for contractors and HVAC system houses. Anord Mardix Anord Mardix specializes in medium voltage (MV) switchgear solutions, offering supplier-neutral advice and integration into overall power supply systems . They provide tailored MV switchgear from both major and niche manufacturers, ensuring well-engineered and expertly commissioned systems. Other Notable Suppliers

- o M+L Manufacturing: Custom-built switchgear, packaged substations, main switchboards, distribution panels, motor control centers, and power factor correction equipment .
- o Demesne Electrical: Offers industrial electrical components including load break switches and a catalog of over 4,500 items for quick access to custom switchgear solutions .
- o Switch Distribution & Switch: Distributors of quality electrical and electronic products to the Irish electrical industry, supporting contractors and specifiers .

Summary

Ireland's industrial switchgear sector is well-served by manufacturers offering custom-built LV and MV solutions, full-service engineering, and compliance with international standards. Companies like ASC Ltd., BMC Manufacturing, and AMP Engineering Ltd. provide both design and manufacturing expertise, while suppliers such as Anord Mardix and Demesne Electrical offer specialized MV and industrial components.

Irish Industrial Switch Manufacturer

These manufacturers cater to a wide range of industries, from mission-critical projects to general electrical distribution needs.

19 Industrial Ethernet Switch Manufacturers in 2026 This section provides an overview for industrial ethernet switches as well as their

Electrical Control Panel Manufacturers | MK Panels MK Panels are experts in the design and manufacture

Lenehans stock a wide range of Switches & Electrical accessories. Our Electric Switches are in stock and available for next day

Capital Switchgear specializes in manufacturing Low Voltage switchgear solutions, offering a wide range of products designed for

Manufacturing in Ireland is one of the high performing engines of the Irish economy with clusters of world

Explore our wide range of electrical parts and tools for electricians and DIY enthusiasts. With 25 years of expertise, we offer reliable

ABB is a pioneering technology leader that works closely with utility, industry, transportation

Argand Switchgear was established over 25 years ago to provide low-voltage switchgear solutions for the Irish market. Since it's

ASC Ltd. is a privately owned specialist electrical switchgear manufacturer which has successfully completed over 7,100

Switch Distribution specializes in providing quality electrical and electronic products to the Irish electrical industry, offering a

Ambrex Switchgear was established in 1997 and is an independent Irish-owned switchgear manufacturer and has been operating

Electrical Controls Manufacturing Ltd are specialist Control Systems & Switchgear manufacturers providing comprehensive design,

Kraus & Naimer is your reliable manufacturer of industrial switches for demanding applications. Our portfolio ranges from control

Irish Industrial Switch Manufacturer

Find your industrial network switch easily amongst the 1,146 products from the leading brands (SARRALLE, Volktek, Maisvch, ...) on

Rugged Industrial Ethernet Switches with PoE, 5-10 ports, 10/100/1000Base-T and fiber support. Built to withstand -40°C to 75°C,

IDEM Safety Switches is a leading manufacturer of machine safety products that save lives and improve
