

Malaysia Indoor Distribution Box Installation Manufacturer

Preview

Find top-rated distribution box Malaysia suppliers with IP65 waterproof, flame retardant, and customizable options. The TOYO Distribution Box - Indoor Metal Box is designed to house and protect electrical components for safe and organized power distribution. Manufactured from high-quality metal, it provides strong durability, reliable protection, and a neat installation for residential, commercial, and industrial use. The box is made of polystyrene, a self-extinguishing plastic which provides corrosion free, highly impact resistance, stable and maintenance free use. All installation parts, such as cable entries, cable fixing rings and wire guide rings are moulded. These distribution boxes are designed for.
