

Article Overview

Nuomak and local suppliers like Sonee Hardware and AJE Emporium provide durable outdoor integrated distribution boxes suitable for Maldives' coastal conditions.

Key Manufacturers and Suppliers

Nuomak is a notable manufacturer supplying PS cabinets, MCCBs, and transparent waterproof electrical distribution boxes to clients in the Maldives. Their products are designed to withstand high humidity, salt spray, and harsh coastal environments. The PS cabinets feature new-generation metal materials with excellent corrosion resistance and a four-side foldable door design for easier installation and maintenance. Nuomak also provides detailed design drawings for project customization . Sonee Hardware offers a range of distribution boxes suitable for outdoor applications. While primarily a local hardware supplier, they provide various electrical enclosures and accessories that can be used for residential and industrial installations . AJE Emporium supplies waterproof distribution boxes, such as the 540 x 345 x 435mm model, which are suitable for outdoor use in humid and coastal conditions. These boxes are designed to protect electrical components from water ingress and environmental damage . Desertcart provides international options, including the Fadiadem Outdoor/Indoor Electrical Enclosure Box made from 304 stainless steel with an IP65 rating. This ensures superior protection against dust and water, making it suitable for Maldives' tropical climate. Products are shipped from authorized retailers in the US, UK, UAE, and India, with full tracking and warranty coverage .

Considerations for Maldives Applications

- o Material: Stainless steel or high-quality PS cabinets are recommended for corrosion resistance.
- o IP Rating: IP65 or higher ensures protection against water and dust.
- o Customization: Some manufacturers, like Nuomak, offer design support for specific project requirements.
- o Local Availability vs Import: Local suppliers provide faster access, while international suppliers may offer advanced features and higher durability. These options provide a range of solutions for both residential and industrial outdoor electrical distribution needs in the Maldives.

Established in the year 2019, big box supplies enterprise is now an uprising supply/retail/wholesale company in the Maldives.
