

## Article Overview

Key manufacturers and suppliers of fiber optic cables in Malta include Conversa and 3Tech, among others listed in trade directories.

## Major Companies

Conversa is a leading Maltese supplier of networking products, including fiber optic cabling systems. They provide a full range of services from consultation and design to installation, termination, testing, and certification of fiber optic networks, catering to both overhead and underground cable installations . 3Tech supplies a variety of indoor and outdoor fiber optic cables, including tight buffer, loose tube, and microcable types. Their offerings support applications such as direct burial, duct installation, aerial (figure-8 and self-supporting), and blown fiber systems. They also provide complementary accessories like joint splice closures, termination boxes, optical distribution frames, patch panels, pigtails, and patch cords .

## Additional Sources

Trade directories such as Trademo list multiple cable manufacturers and suppliers in Malta, providing shipment details, trade volumes, and contact information for potential business partnerships . These directories are useful for discovering smaller or specialized manufacturers not widely advertised online.

## Market Overview

The Maltese fiber optic cable market is competitive, with several local and international players supplying both raw cables and installation services. Import data indicates that Malta imports fiber optic cables from multiple countries, reflecting a combination of local manufacturing and international sourcing to meet demand .

## Summary

For businesses or individuals seeking fiber optic cables in Malta, Conversa and 3Tech are prominent local suppliers, while trade directories like Trademo can help identify additional manufacturers and suppliers. These companies provide both products and services, including installation, testing, and network infrastructure support, ensuring comprehensive solutions for fiber optic projects .
