

## Article Overview

Professional distributors in Mexico for 1G telecom-grade routers include Landatel, Fibremex, and authorized Cisco resellers, offering a range of routers, SFP modules, and PoE solutions.

## Key Distributors

1. Landatel de Mexico Landatel serves WISPs, system integrators, and professional installers, offering Data General, Ubiquiti, Mikrotik, Mimosa, Ruijie Networks, and Digitus products. They provide 1G routers, SFP GBIC modules, PoE injectors, and structured cabling accessories with special pricing for professionals. Orders over 5,000 pesos qualify for free shipping, and bulk purchases are supported for large-scale deployments (Landatel) . 2. Fibremex Fibremex specializes in fiber optic and structured cabling solutions, distributing telecom-grade networking equipment across Mexico. They offer routers, switches, and MPO/MTP connectors, focusing on reliable connectivity and agile deployment for enterprise and ISP networks (Fibremex) . 3. Cisco Authorized Distributors Authorized Cisco distributors like Compusales provide Cisco Catalyst switches and routers with Gigabit Ethernet support, PoE capabilities, and L2/L3 management. They support volume projects and offer professional guidance for network design and deployment (Compusales) .

## Additional Options

- o Mercado Libre: Offers consumer and professional 1G routers with installment payment options, suitable for smaller-scale deployments or testing environments (Mercado Libre) .
- o MC Telematics: Provides wired 1G routers for home and office networks, though specific product listings may require direct inquiry (MC Telematics) .

## Considerations for Selection

- o Professional Support: Choose distributors that provide technical support and bulk pricing for WISPs or integrators.
- o Complementary Equipment: Look for SFP modules, PoE injectors, and structured cabling to ensure full network deployment.
- o Delivery and Warranty: Verify shipping options, warranty coverage, and return policies for large-scale installations. By contacting these distributors directly, you can access telecom-grade 1G routers suitable for enterprise, ISP, or professional networking projects in Mexico.
