The Moxa EDS-405A-MM-SC is a robust 5-port compact industrial Ethernet switch designed for demanding environments, featuring multi-mode fiber optic connectivity with SC connectors. The switches support a variety of useful management functions, such as Turbo Ring, Turbo Chain, ring coupling, IGMP snooping, IEEE 802.1Q VLAN, port-based VLAN, QoS, RMON, bandwidth management, port mirroring, and warning by. Industrial Managed Ethernet switch, Ports: 5 Auto negotiation speed Full/Half duplex mode Auto MDI/MDI-X connection, Temp: -10 to 60°C (14 to 140°F) Optical Fiber: Read more 100BaseFX Multi-Mode Single-Mode Fiber Cable Type OM1 50/125 um G. 652 800 MHz x km Typical Distance 4 km 5 km 40 km. Industrial Smart Ethernet Switch with 3x10/100BaseTx Ports, 2xMulti Mode 100BaseFx Ports, SC Type Connectors, Extended Operating Temperature -40. +75°C, RoHS Managed Fast Ethernet switch EDS-405A-MM-SC-T by MOXA is a more robust version of a basic model. The device houses 3 10/100 BaseT and 2. Moxa has a large portfolio of industrial unmanaged switches that have been specifically designed for industrial Ethernet infrastructure. Always clarify the specifications and configuration of the product with the online store manager before purchasing.

It differs from the EDS-405A-MM-ST modification in an extended operating temperature range. The information in the model description is for reference purposes. Always clarify the specifications and

The EDS-G516E Series is equipped with 16 Gigabit Ethernet ports and up to 4 fiber-optic ports, making it ideal for upgrading an existing network to Gigabit speed or

EDS-405A-SS-SC-T - 5-port entry-level managed Ethernet network switch - layer 2 - extended temperature version - ATEX compliant - MOXA (EDS-405A series) - with 3 x RJ45 copper

Layer 2 Managed Switches Moxa's Layer 2 managed switches feature industrial-grade reliability, network redundancy, and security features based on the IEC

Industrial managed Ethernet switches MOXA EDS-405A. Up to 60 °C. Fast delivery and technical support from the official distributor. In stock for selected models.

EDS-405A-MM-ST-T - 5-port entry-level managed Ethernet network switch - layer 2 - extended temperature version - ATEX compliant - MOXA (EDS-405A series) - with 3 x RJ45 copper

Beli MOXA EDS-405A-MM-ST Managed Switch with Multimode FO Fiber Optic ST di Edison Electrical. Bebas ongkir dan promo khusus pengguna baru di aplikasi

Moxa Fiber Optic Switch 405a

Moxa has a large portfolio of industrial unmanaged switches that have been specifically designed for industrial Ethernet infrastructure. Our unmanaged Ethernet switches uphold the stringent standards

Layer 2 Managed Switches Moxa's Layer 2 managed switches feature industrial-grade reliability, network redundancy, and security features based on the IEC 62443 standard. We offer toughened,

Delve into the functionalities of the Moxa EDS-405A 3 Port + 2 MM SC Managed Switch for improved IP address assignment and redundancy.

Managed Fast Ethernet switch EDS-405A--MM-SC-T by MOXA is a more robust version of a basic model. The device houses 3 10/100 BaseT and 2 100BaseFX ports and features a wide range of

The ready-to-use Turbo Ring can be set up easily using the web-based management interface, or with the DIP switches located on the top panel of the EDS-405A/408A switches.

Product description The EDS-405A-SS-SC-T is a versatile and robust industrial Ethernet switch that combines the advantages of copper and fiber optic connectivity, advanced management features,

Certain MOXA switch models, particularly those in the EDR and MDR series, combine switching with routing and wireless gateway capabilities. These hybrid devices support Wi-Fi, LTE, 4G/5G, and

The EDS-405A Series is designed especially for industrial applications. The switches support a variety of useful management functions, such as Turbo Ring, Turbo Chain, ring coupling, IGMP snooping,

EDS-405A-MM-SC - 5-port entry-level managed Ethernet network switch - layer 2 - ATEX compliant - MOXA (EDS-405A series) - with 3 x RJ45 copper connectors 10/100BaseT (X) + 2 x Multi-mode SC
