

Article Overview

Several manufacturers offer direct sales of network cable trays, including Atkore, Sunil Engineering, ELCON, and Shree Mahalaxmi Electrical, providing a range of materials, types, and customization options.

Leading Manufacturers and Suppliers

- o Atkore International: A global manufacturer offering cable tray systems for construction and renovation projects, including stainless steel, galvanized, and custom solutions. They provide direct sales and support for bulk orders and international shipping .
- o Sunil Engineering Corporation: Specializes in perforated, ladder, and other cable tray types with accessories, emphasizing high-quality fabrication and tailored solutions .
- o ELCON CABLE TRAYS PVT. LTD.: Offers wire mesh, ladder, and perforated trays, along with fittings and accessories, suitable for both indoor and outdoor installations .
- o Shree Mahalaxmi Electrical: Provides GI, stainless steel, and aluminum cable trays in perforated, ladder, and solid-bottom designs. They support bulk orders, custom sizing, and direct factory quotes, ensuring compliance with IS 14927 and IEC 61537 standards .
- o Eurostrut: Offers distribution trays, cable routes, and NATO-type models with direct quote requests via their webshop .

Product Types and Materials

Manufacturers typically offer:

- o Ladder trays for heavy cable loads
- o Perforated trays for ventilation and heat dissipation
- o Solid-bottom trays for sensitive cables
- o Wire mesh trays for flexible routing
- o Materials: Galvanized iron, mild steel, stainless steel (SS 304/316), aluminum, and FRP (fiberglass reinforced polyester)

Advantages of Direct Manufacturer Sales

- o Customization: Tailored sizes, materials, and load capacities
- o Cost Efficiency: Factory-direct pricing reduces intermediaries
- o Technical Support: Guidance on installation, load ratings, and compliance
- o Bulk Orders: Efficient for large-scale industrial or commercial projects
- o Warranty and Quality Assurance: Many manufacturers provide extended warranties and adherence to

international standards

How to Procure

- o Visit manufacturer websites or B2B platforms like Tradewheel or GlobalLinker to request direct quotes .
- o Specify tray type, material, dimensions, and quantity to receive accurate pricing and lead times.
- o Confirm compliance with relevant standards (IEC 61537, IS 14927) for safety and durability. By connecting directly with these manufacturers, businesses can secure high-quality cable trays efficiently, with options for customization, bulk supply, and technical support tailored to their network infrastructure needs.
