

Article Overview

Flexco (Transdelta Industries L.L.C) in Sohar, Oman, is a leading manufacturer of GI switch and socket boxes, flexible and rigid steel conduits, and related cable management products.

Flexco - Transdelta Industries L.L.C

Flexco, a brand under Transdelta Industries L.L.C, has over 25 years of experience in the Gulf region manufacturing cable management systems. Their Sohar-based factory produces GI switch and socket boxes, flexible and rigid steel conduits, and fittings, all designed for the protection, connection, and management of electrical cables. The company emphasizes high-quality standards, with quality checks at every stage from material selection to final dispatch, ensuring reliable and consistent products for both standard and custom specifications .

Product Range

- o GI Switch & Socket Boxes: Suitable for residential, commercial, and industrial installations.
- o Flexible & Rigid Steel Conduits: For safe routing and protection of electrical cables.
- o Conduit Fittings: Connectors, elbows, and accessories to complete cable management systems. These products are widely used in construction, industrial, and infrastructure projects, providing durable and compliant solutions for electrical installations .

Other Relevant Suppliers

While Oman Cables Industry SAOG and Nuhas Oman LLC are major cable manufacturers in Oman, their focus is primarily on cables, wires, and conductors rather than terminal boxes or switch boxes . For terminal blocks specifically, companies like Perfect Hills in Muscat offer branded terminal blocks ranging from 1.5 sqmm to 240 sqmm, which may complement cable management systems .

Summary

For Oman-based terminal box manufacturing, Flexco in Sohar is the primary manufacturer offering GI switch and socket boxes, conduits, and fittings. For additional components like terminal blocks, suppliers such as Perfect Hills in Muscat can provide complementary products. These manufacturers ensure compliance with quality standards and cater to both standard and customized electrical installation needs .
