

## Article Overview

Oman Fiber Optic, Oman Cables Industry, National Cable Factory LLC, and CAST OMAN are key fiber optic cable manufacturers in Oman.

## Key Manufacturers

Oman Fiber Optic (OFO) is a leading Omani company specializing in the manufacturing, supply, and deployment of fiber optic cables. Their plant has a production capacity of 1.6 million km of fiber and 25,000 km of cable per year, and it is ISO and OHSAS certified, equipped with advanced mechanical and optical testing facilities for both fiber and cable products . OFO also provides customized telecom solutions, including design, deployment, and maintenance services . Oman Cables Industry (SAOG) produces a wide range of electrical and fiber optic cables, emphasizing innovation, quality, and sustainable energy solutions. They are recognized for providing tailored fiber optic solutions and installation services across Oman . National Cable Factory LLC specializes in various types of cables and is expanding into medium and high voltage cabling. They offer structured cabling and fiber services, supporting advanced telecommunications technologies . CAST OMAN manufactures and distributes fiber optic cables and focuses on building automation and smart technology solutions, positioning itself as a key player in low current systems and fiber optic infrastructure .

## Industry Context

The fiber optic cable sector in Oman is regulated by the Telecommunications Regulatory Authority (TRA), ensuring compliance with safety and performance standards. The market is growing due to the government's Vision 2040 initiative, which aims to enhance digital infrastructure and connectivity. Challenges include navigating Oman's diverse terrain and ensuring skilled labor for advanced manufacturing, while opportunities exist for both local and international players .

## Summary

Oman's fiber optic cable manufacturing industry features high-capacity, ISO-certified producers like Oman Fiber Optic, alongside established players such as Oman Cables Industry, National Cable Factory LLC, and CAST OMAN. These companies provide a combination of standard and customized fiber optic solutions, supporting the country's expanding telecommunications infrastructure and regional connectivity projects .
