

Article Overview

Cable tray prices in Pakistan range from PKR 450 to PKR 6,500 per meter depending on type, material, and load capacity, with leading brands including EPEPK and Tech&Tray.

Cable Tray Types and Materials

- o Perforated Cable Trays - Most commonly used in Pakistan for indoor electrical wiring; they provide ventilation, prevent overheating, and are cost-effective for light to medium loads .
- o Ladder Cable Trays - Designed for heavy-duty power cables and long-span installations, ideal for industrial plants, solar projects, and power stations .
- o Wire Mesh Cable Trays - Lightweight and flexible, suitable for low-voltage applications, IT networks, and data centers .
- o Solid Bottom Cable Trays - Fully enclosed for maximum protection against dust and physical damage, often used in sensitive environments . Materials commonly used include Mild Steel (MS) for economical durability, Galvanized Steel for rust resistance, Stainless Steel for high strength and corrosion resistance, and Aluminium for lightweight installations .

Price Range in Pakistan

- o Light-duty perforated trays: Starting from PKR 450-700 per meter .
- o Medium-duty trays: Typically PKR 1,200-2,500 per meter, depending on material thickness and finish .
- o Heavy-duty ladder trays (hot-dip galvanized or stainless steel): Can reach PKR 6,500+ per meter for industrial applications . Prices vary based on tray type, material gauge, width, load capacity, surface finish, and city-wise delivery (Lahore, Karachi, Islamabad, Faisalabad) and bulk orders often receive discounts .

Leading Brands and Suppliers

- o EPEPK - Offers a full range of cable trays including perforated, ladder, wire mesh, and solid bottom types, serving Lahore, Karachi, Faisalabad, and Islamabad .
- o Tech&Tray - Known for durable, flexible, and safe cable management solutions, suitable for industrial, commercial, and IT installations .
- o Electric Power Engineering - Supplies high-quality ladder, perforated, and wire mesh trays for factories, data centers, hospitals, and solar projects .

Choosing the Right Cable Tray

- o Indoor low-voltage wiring: Perforated or wire mesh trays.
- o Industrial or solar projects: Ladder trays with higher load capacity.

- o Outdoor or corrosive environments: Powder-coated or galvanized trays for long-term durability.
- o Data centers or IT networks: Wire mesh trays for flexibility and ventilation. Selecting the right tray involves balancing cost, load requirements, material durability, and installation environment to ensure safety, efficiency, and long-term performance .

Buy cable trays in Pakistan - perforated, ladder, solid bottom & wire mesh types with full accessories. Nationwide supply at best

Answer: The price of cable trays in Pakistan starts from Rs. 700 per meter and can go up to Rs. 2,500 per

Leading Cable Tray manufacturer and supplier in Pakistan. We offer Perforated, Ladder, Wire mesh, and solid bottom trays at the
