

Price List of Armored Logging Optical Cables

Article Overview

Armored logging optical cables typically range from \$0.70 to \$1.00 per foot for outdoor armored fiber, with total project costs varying widely based on length, installation, and specifications.

Pricing Overview

The cost of armored logging optical cable depends on several factors, including cable type, armoring, length, and installation complexity. For standard outdoor armored fiber optic cables, prices generally range from \$0.70 to \$1.00 per foot for the cable itself, with additional costs for labor, trenching, splicing, connectors, and permits potentially increasing total project costs significantly. For example, a 5,000-foot outdoor armored fiber run with multiple splices and professional testing can cost \$11,000-\$14,500, while a full deployment of 6,500 feet may reach \$15,000-\$20,000.

Industrial and Specialized Cables

For steel-armored electrical and optical logging cables used in geophysical, minesweeping, or sonar applications, prices are typically quoted on request due to customization, depth rating (up to 6,000 meters), and specialized construction. These cables are designed to withstand harsh environments, high hydrostatic pressures, and tow strengths, making them more expensive than standard fiber optic cables. Manufacturers often provide factory or OEM pricing upon inquiry, and samples can be arranged for evaluation.

Factors Affecting Cost

- o Cable Type: Fiber optic vs electrical, single-mode vs multi-mode, coaxial vs twisted pair.
- o Armoring: Steel or other protective jackets increase durability and cost.
- o Length: Longer runs increase material and labor costs.
- o Installation: Trenching, conduit, splicing, and termination add to total expenses.
- o Environmental Requirements: Deep-sea or high-pressure applications require specialized construction.

Purchasing Options

- o Wholesale Platforms: Websites like Made-in-China and Alibaba offer bulk pricing for standard armored logging cables.
- o Direct Manufacturers: Companies in China and other regions provide custom quotes for specialized optical and electrical logging cables. In summary, basic outdoor armored fiber optic cables start around \$0.70 per foot, while specialized steel-armored logging cables for industrial or geophysical use require custom quotes, with total project costs influenced by length, installation, and environmental specifications.

Price List of Armored Logging Optical Cables

Polycab Ajit Armoured Cables Price-list No. 03 Dt 18th December 2025 Final - Free download as PDF File (.pdf) or

China Armored Logging Cable wholesale - Select 2026 high quality Armored Logging Cable products in best price from certified

Comparing armored coaxial logging cable prices. You can easily wholesale quality armored coaxial logging cable at wholesale prices

Shop high-quality logging cables for geophysical and well logging. Durable, armored, and suitable for harsh environments. Perfect for

Here you will find listings of armored fibre optic cable manufacturers, armored fiber optic cable

COPPER & ALUMINIUM CABLES (ARMOURED) & H. T. XLPE CABLES PRICE-LIST NO. 06 DATED 24th

The logging cable is an integral and important part of the logging system that helps to suspend and hold the sonde in the length of

Types of Geophysical Armoured Logging Cable Geophysical armoured logging cables are essential components in subsurface

PRICING IS SUBJECT TO CHANGE Today's date is Monday, May 11, 2026. PRICING IS SUBJECT TO CHANGE American Tech

Comparing armored downhole logging cable prices. You can easily wholesale quality armored downhole logging cable at wholesale

Discover 2025 armored fiber optic cable prices, from GYTS to SWA types. Learn what affects the cost and

Product Description Product Description Logging Cable Is Used for Logging,

An ultralow stretch armored cable containing 3 optical fibers and 8 electrical conductors has been developed for use in oil well

It lists prices per meter for aluminum armored and unarmored cables in various conductor sizes from 2.5 mm²

Price List of Armored Logging Optical Cables

to 1000 mm². The

Get to know armoured optical fibre cable types, applications, specifications, prices, and everything. From

Discover premium quality armored logging cable designed to enhance connectivity and performance. Ideal for business buyers
