

Price List of Stainless Steel Cable Trays in the UK

Article Overview

Stainless steel cable trays in the UK typically range from GBP30 to GBP150 per 3-meter section, depending on size, type, and stainless steel grade.

Overview of Pricing

The cost of stainless steel cable trays varies based on tray type, width, and material grade:

- o Wire mesh cable basket trays (e.g., 100mm wide, 3m length, AISI 304 stainless steel) are priced around GBP30-GBP50 per section for standard sizes .
- o Ladder or heavy-duty trays in 304 or 316 stainless steel, suitable for industrial applications, can range from GBP80 to GBP150 per 3-meter section, depending on width and load capacity .
- o Custom widths or specialized grades (316 stainless steel for marine or chemical environments) may cost more due to enhanced corrosion resistance and durability .

Factors Affecting Price

o Material Grade:

- o 304 stainless steel: Standard corrosion resistance, suitable for most indoor and outdoor environments.
- o 316 stainless steel: Higher corrosion resistance, ideal for marine, chemical, or high-moisture environments, generally more expensive .

o Tray Type:

- o Basket trays: Lightweight, easy to install, moderate cost.
- o Ladder trays: Heavy-duty, support larger cable loads, higher cost.
- o Single rail or perforated trays: Prices vary depending on design and load capacity .

- o Size and Configuration: Wider trays (up to 900mm) and longer sections increase cost. Accessories like bends, tees, and risers also add to the total price .
