

Price of Fiber Optic Cold Splice Male and Female Connectors

Article Overview

Fiber optic cold splice male and female connectors typically range from \$1 to \$10 per piece, depending on type, mode, and quantity.

Pricing Overview

- o Single-mode connectors (9/125 um) generally cost \$2-\$8 each for SC, LC, or ST types, with male and female versions priced similarly.
- o Multimode connectors (50/125 um or 62.5/125 um) are slightly cheaper, usually \$1-\$5 each.
- o Bulk packs (10-50 pieces) often reduce the per-unit cost by 20-40% compared to individual purchases .

Factors Affecting Price

- o Connector Type: LC, SC, ST, and MPO connectors vary in complexity and cost. LC connectors are smaller and often slightly more expensive than SC or ST.
- o Mode: Single-mode connectors are more precise and costlier than multimode connectors.
- o Material and Build: Zirconia ferrules, nickel-plated brass bodies, and locking mechanisms increase the price .
- o Quantity: Buying in bulk or wholesale can significantly lower the per-unit price .

Where to Buy

- o Amazon offers individual and pack options for SC, LC, and ST connectors, including fusion splice protective sleeves .
- o CableWholesale provides wholesale pricing for both male and female connectors suitable for network installations .
- o Cables Plus USA stocks LC, SC, and ST connectors in single-mode and multimode configurations, with online ordering available .
- o DigiKey carries a wide range of fiber optic connector assemblies with same-day shipping, useful for urgent projects .

Recommendation

For small-scale projects, purchasing individual connectors from Amazon or Cables Plus USA is convenient. For larger installations, wholesale suppliers like CableWholesale offer better pricing per unit. Always verify the connector type, mode, and compatibility with your fiber optic cables before purchasing.

Price of Fiber Optic Cold Splice Male and Female Connectors

Mouser offers inventory, pricing, & datasheets for Fibre Optic Connectors.
