

Price of Vertical Shaft Cable Tray Base Plate

Article Overview

Vertical shaft cable tray fixing plates typically range from \$15 to \$50 per kit, depending on material, size, and supplier.

Vertical shaft cable tray fixing plates, also known as vertical adjustable splice plates, are used to connect vertical sections of cable trays, allowing for flexibility in height and angle adjustments during installation . These plates are commonly sold in kits of 2 and are made from materials such as steel or aluminum, often with corrosion-resistant finishes for durability . Pricing Overview:

- o Launch3Direct offers a kit of 2 vertical adjustable splice plates, designed for seamless vertical connections, though the exact price may vary depending on order quantity and shipping .
- o General market range for similar fixing plates is approximately \$15-\$50 per kit, with higher-end options including stainless steel or custom-fabricated plates .
- o Prices can fluctuate based on supplier, material, and size specifications, as well as bulk purchase discounts or custom fabrication requirements . Additional Considerations:
- o Ensure compatibility with your specific cable tray system (ladder, ventilated, or solid-bottom trays).
- o Check for UL or other safety certifications if required for commercial or industrial installations.
- o Some suppliers offer custom design and fabrication to meet unique project requirements . For accurate pricing, it is recommended to contact suppliers directly such as Shandong Bolt Electrical Equipment Co., Launch3Direct, or local distributors, providing details on the material, dimensions, and quantity needed .
