

Prices of hot-dip galvanized cable trays in Central Asia

Article Overview

Hot-dip galvanized cable trays in Central Asia typically range from \$2.5 to \$17.6 per unit, depending on type, size, and supplier.

Hot-dip galvanized (HDG) cable trays are manufactured from high-quality steel coated with a thick layer of zinc, providing excellent corrosion resistance for outdoor and industrial applications, including electrical and communication systems . They are suitable for high-moisture environments, such as coastal areas, and are widely used in industrial plants, data centers, and infrastructure projects .

Pricing Overview

- o Unit Price Range: \$2.5 to \$17.6 per tray, depending on size, type, and load capacity .
- o Types Available: Ladder trays, perforated trays, solid bottom trays, welded trays, and wire mesh trays .
- o Sizes: Widths from 50 mm to 1000 mm, depths from 25 mm to 200 mm, and lengths typically 2-6 meters .
- o Bulk Orders: Suppliers often offer discounts for wholesale purchases starting at 10 units or more .

Supplier Options in Central Asia

Several manufacturers and distributors provide HDG cable trays suitable for Central Asian projects:

- o Jiangsu Holdee Electric Co., Ltd.: Offers ladder, ventilated, perforated, and wire mesh trays with hot-dip galvanizing, suitable for bulk export to Central Asia .
- o Alibaba Suppliers: Multiple vendors provide factory-direct HDG cable trays with OEM options, allowing customization for specific project requirements .

Key Considerations

- o Corrosion Resistance: HDG trays are ideal for harsh environments and outdoor installations.
- o Load Capacity: Ladder trays are best for heavy cable bundles, while perforated trays balance support and ventilation.
- o Customization: Many suppliers offer custom thickness, width, and length to meet project specifications . For accurate budgeting, it is recommended to request quotes from multiple suppliers, considering shipping costs, local import duties, and bulk order discounts. This ensures the best pricing and availability for Central Asian projects .
