

Article Overview

Several companies in Qatar specialize in manufacturing and supplying welding distribution boxes, including custom metal enclosures and industrial electrical cabinets.

Key Manufacturers and Suppliers

1. Alsiraj Qatar Alsiraj Qatar offers wall-mounted distribution boxes made from solid rubber and PC/ABS materials, designed for high durability and resistance to welding sparks, oils, and extreme temperatures (-30°C to +80°C). Their products are suitable for indoor and outdoor applications, with protection ratings up to IP67 on request. They provide customizable solutions for industrial, commercial, and workshop environments . 2. Coloria Group Coloria is a leading GCC supplier providing residential, commercial, industrial, and healthcare distribution boxes. Their products feature corrosion-resistant materials, fireproof options, and smart monitoring capabilities. Coloria's distribution boxes are engineered to withstand harsh Gulf climates, including Qatar's desert conditions, and comply with local certifications like SASO and ESMA . 3. Polar Qatar Polar specializes in custom metal enclosures, metal boxes, and industrial cabinets. They manufacture wall-mounted and floor-standing units using stainless steel, mild steel, and aluminum. Their enclosures are designed for oil & gas, construction, and power distribution projects, offering IP-rated weatherproof protection and tailored fabrication to meet project-specific requirements . 4. Acontec WLL Acontec's trading division supplies a wide range of electrical products, including medium voltage panels, motor control panels, feeder pillars, and final distribution boards. They also provide copper bus-bar ducting systems and complete cable management solutions, suitable for industrial and construction applications in Qatar . 5. Electra Qatar Electra offers distribution point boxes made from corrosion-free, impact-resistant polystyrene. These boxes are designed for indoor applications with IP30 protection and UL 94V-0 flammability rating, suitable for telecom and electrical installations .

Welding Services for Distribution Boxes

GCM Welding Division provides welding solutions and accessories in Qatar, including TIG, MIG, and MAG welding systems. They supply welding consumables and automation systems, which can be used for the fabrication or repair of stainless steel and metal distribution boxes . Europages-listed suppliers also offer specialized stainless steel explosion-proof welded distribution boxes, with high-precision TIG/MIG welding and custom fabrication for industrial applications .

Summary

For welding distribution boxes in Qatar, companies like Alsiraj Qatar, Coloria, Polar Qatar, and Acontec WLL provide high-quality, durable, and customizable solutions. For welding and fabrication services, GCM

Qatar Welding Distribution Box Manufacturer

Welding Division and specialized international suppliers can support custom stainless steel or explosion-proof enclosures. These providers cater to industrial, commercial, and construction projects, ensuring compliance with local standards and environmental conditions.
