This guide highlights five channel-style systems that are widely used and stocked for UK projects: Snake Tray 201 Series, TechLine Manufacturing Snap Track, Panduit FiberRunner, Cooper B-Line Flextray and the Chalfant range from the OBO Bettermann Group. The United Kingdom boasts a robust manufacturing sector for cable trays, with several leading companies providing high-quality solutions for diverse industries. These manufacturers combine innovative design, robust materials, and quality control to deliver reliable and efficient cable management. Cable trays, as the name suggests, are structural systems used to hold and support cables and wires in commercial, industrial, and infrastructure settings. Designed as a simple channel -- often with a flat base and raised sides -- these trays keep bundles tidy, reduce strain on terminations and make future changes far. D-Line (Europe) produce a range of cable management systems including: trunking; cable boxes; cable protectors; cable organisers; tidy trays / shelving; cable fasteners Manufactures cable management systems for the food, pharmaceutical, dairy and drinks industries. Multi-compartment trunking. This guide offers an in-depth look at some of the top cable tray manufacturers worldwide, broken down by region: Europe, South America, North America, Africa, and Asia. Slots running down the length of the trays enable easy installation of cable ties. STANDARD CABLE TRAY- LIGHT, MEDIUM, AND HEAVY Fully compliant multipurpose tray system designed to meet the needs of modern.
