

Article Overview

Ensytec and UKEP are among the leading Ukrainian suppliers of high-quality cable tray systems, offering a range of galvanized, wire mesh, and industrial-grade solutions.

Ensytec

Ensytec is a prominent supplier of electrical installation products in Ukraine, including cable trays, conduits, busbars, and distribution boxes. They are official distributors of Baks cable trays, Stilma metal conduits, and Gersan power busbar systems. Ensytec has a strong track record of supplying projects across Ukraine, ensuring quality and compliance with local standards for industrial and commercial installations .

Ukrainian Cable Electrical Engineering Enterprise (UKEP)

UKEP specializes in cable, wire, and electrical engineering products, combining traditional Ukrainian engineering with modern technologies. Their E-Line series includes:

- o TLS wire mesh cable trays for flexible cable routing.
- o CTK hot-dip galvanized trays with groove-and-joint systems and secure covers.
- o KME cable ladders for vertical installations with high load capacity.
- o TKS series for indoor cable routing with protective covers. These systems are designed for both indoor and outdoor use, including humid or industrial environments, and meet international quality standards .

Industry-Ukraine Cable Trays

Industry-Ukraine manufactures galvanized metal cable trays suitable for open cable installations up to 1000V. Their trays feature reinforced ribs, perforated or solid designs, and accessories like corners, connectors, and brackets. The trays are hot-galvanized for corrosion resistance and comply with Ukrainian electrical installation rules (RB-6), making them suitable for administrative, commercial, and industrial buildings .

Wire Mesh Cable Tray Manufacturers

Companies like Jeetmull Jaichandlall (P) Ltd. in Ukraine produce wire mesh cable trays in various sizes, shapes, and configurations. These trays offer excellent ventilation, visibility, and durability, making them ideal for construction, industrial, and agricultural applications. They are designed to withstand heavy loads and provide secure cable management .
