

Article Overview

Leading cable tray manufacturers in South Sudan include Tlaletso Global Photonics and Brilltech Engineers Pvt. Ltd., offering ISO-certified, customizable, and durable cable tray solutions.

Tlaletso Global Photonics (TGO)

Tlaletso Global Photonics is recognized as one of the top electrical cable tray manufacturers in South Sudan, providing a wide range of products including ladder cable trays, PVC cable trays, mild steel trays, perforated trays, and stainless steel trays. They specialize in both standard and customized solutions, ensuring that trays meet specific size, load, and installation requirements. TGO emphasizes quality assurance, with products undergoing stringent tests before reaching the market, and offers fast delivery and competitive pricing for local and regional clients .

Brilltech Engineers Pvt. Ltd.

Brilltech Engineers Pvt. Ltd. is another trusted manufacturer and exporter of electrical cable trays in South Sudan. Established in 2007, the company operates a state-of-the-art manufacturing facility equipped with modern machinery to produce high-quality cable trays that comply with ISO standards. They provide customized solutions for various industries, ensuring that trays meet both industrial and commercial specifications. Brilltech has served notable clients such as Hero, Kia, Bosch, and Honda, highlighting their reliability and experience in large-scale projects .

Key Features to Consider

- o Material Options: Mild steel, stainless steel, PVC, and perforated trays for different load and environmental requirements.
- o Customization: Ability to fabricate trays in specific sizes, shapes, and load capacities.
- o Certifications: ISO-certified manufacturing ensures adherence to international quality standards.
- o Delivery & Support: Local and regional delivery with technical support for installation and maintenance.

Conclusion

For high-quality cable tray solutions in South Sudan, Tlaletso Global Photonics and Brilltech Engineers Pvt. Ltd. are the most reliable options. Both companies offer durable, customizable, and ISO-certified products, making them suitable for industrial, commercial, and infrastructure projects across the country .
