

Trough-type and ladder-type cable tray manufacturers supply

Article Overview

Leading manufacturers of trough-type and ladder-type cable trays include ABB, Basor Electric, Shilden, MP Husky, and Sai Seeya Composite Pvt. Ltd., offering a range of materials, certifications, and industrial-grade solutions.

Key Manufacturers and Offerings

1. ABB (T&B Cabletray) ABB provides ladder and ventilated bottom cable trays with high structural strength, pre-galvanized or stainless steel options, and compliance with ASTM A123, ISO 1461, ANSI/NFPA 70, and NEMA VE 1-2017 standards. Their cable ladders feature wide rungs, Ty-Rap(R) slots for cable fastening, and are suitable for both indoor and outdoor applications. ABB also offers CAD and BIM files for design integration . 2. Basor Electric Basor Electric delivers ladder and cable tray systems for commercial and industrial applications. Their products are available in multiple materials and finishes, with technical documentation and BIM 3D models for project integration. Basor emphasizes quality, innovation, and compliance with ETIM product classification standards . 3. Shilden Shilden manufactures ladder-type cable trays engineered for high and low-voltage power cables. Their trays are lightweight, provide excellent ventilation and heat dissipation, and feature U-shaped protective edges. Products are manufactured according to IEC61537 standards and are suitable for demanding installations . 4. MP Husky MP Husky offers Husky I-Beam and Flange Out ladder cable trays, designed for industrial cable support systems. Materials include aluminum, steel, HDGAF steel, stainless steel, and PVC-coated options. Their trays are NEMA and CSA certified, with welded rungs for structural integrity, ideal for heavy-duty industrial applications . 5. Sai Seeya Composite Pvt. Ltd. Based in Pune, India, Sai Seeya produces FRP ladder cable trays and accessories such as bends, tees, and reducers. Their trays are UV-stabilized, fire-retardant, non-magnetic, corrosion-resistant, and lightweight, suitable for horizontal and vertical layouts. They are ISO 9001-2015 certified and designed for high load-bearing capacity .

Considerations for Selection

- o Material: Steel, stainless steel, aluminum, or FRP depending on environmental conditions and load requirements.
- o Standards Compliance: Ensure trays meet NEMA, UL, IEC, or local electrical codes.
- o Installation Needs: Consider accessories like bends, tees, reducers, and mounting options.
- o Project Integration: Availability of CAD/BIM files can simplify design and procurement. These manufacturers provide comprehensive solutions for both trough-type and ladder-type cable trays, suitable for industrial, commercial, and specialized electrical installations.

Trough-type and ladder-type cable tray manufacturers supply

Introduce the main types of cable tray including ladder cable tray, perforated cable tray, solid bottom cable tray and

Shielden, as a trusted cable tray supplier, offers a wide range of cable tray systems to meet your needs.

Fast installation with dependable support. Everything you need to build a cable management system, including Cablofil wire mesh

There are a few types of cable trays including: solid-bottom trays, cable channel or trough trays, ventilated trays and ladder trays.

Ramdev Steel Industries is a trusted manufacturer of electrical cable trays, specializing in high-quality ladder type cable trays for

EAE cable trays and ladders provide high-strength cable protection that protects the cables from external factors. EAE cable trays

Aluminum cable ladder trays or racks have been around since the dawn of manufacturing automation. You'll find

Choose from our selection of ladder cable trays, including cable and hose trays, heavy duty open cable and hose carriers, and more.

This blog will help you find the best cable tray manufacturers and suppliers from various online B2B

Ladder Trays Ladder 3D Drawings Explore our full collection of Metallic Ladder 3D Drawings, including horizontal fittings, vertical
