

Article Overview

Dowletli is the only and leading fiber optic cable manufacturer in Turkmenistan.

Dowletli, established in 2001, is the sole producer of fiber optic cables in Turkmenistan, offering products that meet national and international standards . The company specializes in optical fiber cables, passive telecommunication equipment, and IT solutions, including computers and original computer cases. It has demonstrated its capabilities at national exhibitions, highlighting its ability to produce high-quality fiber optic products efficiently .

Product Range and Capabilities

- o Fiber Optic Cables: Single-mode and multi-mode cables suitable for telecommunications and data transmission networks.
- o Passive Telecommunication Equipment: Includes connectors, cable assemblies, and related components.
- o IT Products: Computers, computer cases, and other electronics supporting digital infrastructure.
- o Custom Solutions: The company integrates digital technologies into its products, aligning with global standards .

Market Position

Dowletli holds a monopoly in the Turkmenistani fiber optic market, making it the primary source for local businesses and government projects requiring optical fiber infrastructure . The company continues to expand its product range and develop IT solutions to support the national economy and telecommunications sector.

Contact and Procurement

For inquiries about fiber optic connectors, cables, or related products, potential clients can reach out to Dowletli directly through their official channels or via exhibitions hosted by the Chamber of Commerce and Industry of Turkmenistan, where the company regularly showcases its products . In summary, Dowletli is the key manufacturer and supplier of fiber optic connectors and cables in Turkmenistan, offering a comprehensive range of products and IT solutions for both commercial and governmental applications.
