

Article Overview

Several reputable manufacturers in the UAE provide high-quality circuit breaker distribution boxes, including Sama Al Emirate Electrical Panels, AL DIWAN, Bahra Electric, and Al Safeenah.

Key Manufacturers and Suppliers

1. Sama Al Emirate Electrical Panels Manufacturing LLC (SES) Located in Mussafah, Abu Dhabi, SES specializes in low voltage switchgear and distribution boards. Their manufacturing facility produces main distribution boards (MDBs) and sub-main distribution boards (SMDBs) with integrated protective fuses or circuit breakers. SES emphasizes high-quality standards, safety compliance, and service support throughout the product lifecycle . 2. AL DIWAN Based in Sharjah, AL DIWAN manufactures and refurbishes low voltage circuit breakers, switchgear, and distribution boards. They provide engineered solutions for power distribution, including electrical sub-main distribution boards, capacitor banks, and control products. AL DIWAN also offers maintenance, power quality testing, and emergency services across the UAE, Qatar, and Oman . 3. Bahra Electric Bahra Electric produces distribution boards for residential, commercial, and industrial applications. Their products comply with IEC 61439-1&3 standards and undergo rigorous international testing. Bahra Electric offers surface-mounted and enclosed circuit breaker solutions, ensuring reliable protection against overloads and short circuits . 4. Al Safeenah Al Safeenah manufactures robust distribution boxes constructed from carbon steel, stainless steel, or thermoplastic. Their products feature IP65/IP66 weatherproof ratings, corrosion resistance, and modular designs compatible with DIN-rail-mounted MCBs, RCDs, and surge protectors. These distribution boxes are suitable for construction sites, industrial plants, telecommunications, commercial buildings, and renewable energy installations .

Product Features to Consider

- o Material and Durability: Options include carbon steel, stainless steel, and thermoplastic for mechanical and environmental resilience.
- o Protection Ratings: IP65/IP66 for water and dust ingress protection.
- o Modular Design: Supports easy installation of MCBs, RCCBs, and surge protectors.
- o Compliance: Adherence to international safety standards such as IEC 61439.
- o Applications: Residential, commercial, industrial, renewable energy, and telecommunications sectors. These manufacturers provide both standard and customized solutions, ensuring reliable electrical distribution and safety for various projects in the UAE.
