

Article Overview

The UAE has a wide range of reliable cable tray suppliers offering steel, aluminum, and stainless steel trays, including ladder, perforated, and wire mesh types, with full accessories and installation support.

Leading Cable Tray Suppliers

1. Emerald Steel Industries LLC - Based in Ajman, Emerald Steel Industries is a trusted manufacturer and supplier of cable trays, ladder systems, trunking, strut supports, and accessories. They provide pre-galvanized, hot-dip galvanized, and industrial-grade trays suitable for oil & gas, commercial, and industrial projects, with ISO 9001 certification and design support including AutoCAD and PDMS layouts . 2. UNIGROUP - Operating in Dubai, Abu Dhabi, and Sharjah, UNIGROUP manufactures high-performance cable trays, trunking, and channel systems. Their products include ladder, perforated, wire mesh, and GRP cable management systems, engineered for corrosion and fire resistance, complying with NEMA VE1, IEC 61537, and BS EN 61537 standards . 3. Ruwais Steel - A pan-UAE supplier offering steel, galvanized, powder-coated, and stainless steel cable trays. They provide light, medium, heavy, and extra-heavy duty trays, including straight flange and inside return flange types, designed for industrial and construction applications with ISO 9001:2008 quality standards . 4. PSI (Power Solution International) - Based in Dubai, PSI supplies cable trays manufactured to BS EN 61537 and NEMA VE-1 standards. They offer carbon steel, aluminum, and stainless steel trays with hot-dip galvanization and a full range of factory-made fittings for vertical and horizontal directional changes . 5. Bonn Group / BonnGulf - With operations in Dubai, Bonn provides ladder, perforated, hot-dip galvanized, and GI cable trays, along with accessories like bends, tees, and crosses. They cater to industrial, commercial, residential, and MEP projects, emphasizing ISO-certified quality and government-approved supply . 6. NMSS - Offers pre-galvanized and hot-dip galvanized cable trays in light, medium, heavy, and extra-heavy duty configurations. Their products are powder-coated, epoxy-painted, stainless steel, or aluminum, supplied across UAE and exported to GCC and African countries . 7. CABLEMATE (ABST Group) - Provides a full range of cable trays, trunking, and ladders with all fittings and accessories. Their products are available in galvanized, hot-dip galvanized, aluminum, PVC-coated, and stainless steel finishes, suitable for industrial and commercial installations .

Key Considerations

- o Material & Finish: Choose based on environment; stainless steel or hot-dip galvanized for corrosive conditions, aluminum or powder-coated for indoor or less corrosive areas.
- o Tray Type: Ladder trays for heavy-duty power cables, perforated or wire mesh for data and telecommunication cables, solid bottom for sensitive circuits.
- o Accessories: Ensure suppliers provide bends, tees, crosses, covers, and support systems for complete installation.
- o Standards & Certification: Look for ISO-certified suppliers and compliance with NEMA, IEC, or BS EN

UAE cable tray supplier

standards for safety and durability. These suppliers cover major UAE cities including Dubai, Abu Dhabi, Sharjah, Ajman, and Mussafah, and cater to industries such as oil & gas, commercial buildings, data centers, and infrastructure projects. They provide both standard and custom cable tray solutions with installation support and engineering assistance.
