

Warranty warranty for industrial switch QSFP28

Preview

This product is backed by NETGEAR limited lifetime hardware warranty. Click here for coverage, availability and terms and conditions. Track and manage orders & register your products Search through FAQs in our. During the warranty term, FS's warranty only covers defects caused by normal use and logistics damage, quality problems, etc. And we will pay for the round-trip freight for the warranty items. Damage caused by unauthorized disassembly. The HPE Networking Comware Switch Series 5945 delivers high-density, ultra-low-latency performance for modern data centers. Designed for top-of-rack (ToR) and aggregation layers, these switches enable seamless scalability and spine-and-leaf architectures for large enterprises and telecom. Virtual switch stacking allows the switch to be managed from a single IP address and provide redundancy for connected devices.
