

West African International Optical Cable Manufacturer

Preview

YOA Cable, Africa's largest optical fibre cable manufacturer, is known for delivering world-class optical fibre products and exceptional customer service. We anticipate market needs, innovate and constantly refine our manufacturing processes and products to deliver faster speeds and more flexible. West African oil and gas service company, Coleman Technical Industries Limited (CTIL) has opened its multi-billion-dollar fibre optic cable manufacturing factory, hoping to take advantage of the African Continental Free Trade Area (AfCFTA) to play big in the African market. The company is renowned. Since 1935, African Cables, now CBI-electric: african cables, has designed and manufactured a comprehensive range of electric power cables at its Vereeniging factory. The multi-billion factory is the 5th plant in the African continent as the plant and the technical know-how are. From our humble beginnings in 1996, Coleman Wires and Cables has grown into a symbol of innovation, resilience, and industrial leadership in West Africa's cable manufacturing sector.
