

# What fiber optic cable manufacturers are there in Norway

## Article Overview

Norway hosts several specialized fiber optic cable manufacturers, including Fiberworks, Foss Fiber, T&G Elektro, Smartoptics, and N0r5ke Fibre, serving telecom, industrial, and offshore sectors.

## Key Manufacturers

Fiberworks offers a wide range of fiber optic cables and solutions, including development, delivery, and testing services, making it a key resource for fiber network projects across Norway . Foss Fiber is one of Norway's largest fiber optic solution providers, producing standard and custom cables, connectors, and assemblies for telecom, defense, offshore, and industrial applications. They operate production facilities in Norway and Slovakia, emphasizing high-quality, factory-tested solutions . T&G Elektro specializes in custom connection solutions and manufactures fiber optic cables for sectors such as defense, aerospace, telecom, and energy, providing both standard and tailored products . Smartoptics focuses on optical networking solutions, including optical transceivers and scalable fiber systems, supporting broadband and enterprise networks with flexible, cost-effective solutions . N0r5ke Fibre constructs and operates long-haul fiber optic infrastructure connecting major Norwegian cities and data centers. Their 192-fiber cables provide critical network diversity and support green data center expansion . Other notable companies include Nordvest Fiber, Istad Fiber, NextGenTel, Tampnet, and Bofiber, which provide fiber optic services and infrastructure solutions for both residential and industrial applications .

## Summary

Norway's fiber optic industry is supported by a mix of manufacturers producing cables and connectors, companies offering custom solutions, and infrastructure operators building long-haul networks. These companies serve diverse sectors, including telecommunications, data centers, offshore installations, defense, and industrial networks, ensuring high-quality, scalable, and reliable fiber optic solutions across the country .

THE FACTORY At Foss we have built fiber-optic infrastructure since 1984, from the very beginning, locally produced products have

The top 10 suppliers and manufacturers of optical cables in 2026. offering high-speed connectivity, durable builds, and

A fiber-optic cable, also known as an optical-fiber cable, is an assembly similar to an electrical cable but

# What fiber optic cable manufacturers are there in Norway
