

Article Overview

Companies supplying fiber optic cables to Sudan include global manufacturers like Prysmian, Corning, and CommScope, as well as local firms such as Mazar International.

International Suppliers

- o Prysmian Group - Headquartered in Italy, Prysmian is the world's largest cable manufacturer, offering optical fibers, fiber-optic cables, and connectivity solutions. They have a global presence and are involved in submarine and terrestrial network projects, making them capable of supplying Sudanese telecom projects .
- o Corning Incorporated - An American company specializing in optical fibers, fiber-optic cables, and photonic components. Corning provides high-performance solutions for data centers, broadband, and 5G infrastructure, and can export to international markets including Sudan .
- o CommScope - A global supplier of fiber-optic infrastructure, CommScope supports enterprise networks, broadband access, and telecom backbones. Their products include loose-tube outdoor and tight-buffered indoor fiber cables suitable for Sudanese deployments .
- o ETK Kablo - A Turkish manufacturer of fiber optic and low-voltage communication cables, supplying over 120 countries worldwide. ETK Kablo offers single-mode and multi-mode fiber solutions suitable for Sudanese network projects .

Local Sudanese Companies

- o Mazar International Co. Ltd. - A Sudanese engineering and infrastructure company established in 1993, Mazar International provides civil construction, telecommunications, and fiber optic network services. They handle projects such as rerouting, depth protection, exposed fiber fixes, and backfilling, making them a key local partner for fiber optic deployment in Sudan .

B2B Distributors

- o Platforms like Europages list multiple suppliers and wholesalers of fiber optic cables serving Sudan, including companies offering patch cords, cable trays, and customized fiber solutions . These distributors can facilitate procurement and delivery of fiber optic products to Sudanese projects.

Summary

For fiber optic projects in Sudan, companies can source cables from global manufacturers like Prysmian, Corning, and CommScope for high-quality international standards, or collaborate with local firms such as Mazar International for on-the-ground installation and civil works. Additionally, B2B distributors provide flexible sourcing options for specific fiber optic components and assemblies.
