

Which company makes the best cable trays in Qatar

Article Overview

Leading cable tray manufacturers in Qatar include Altura Industries, TransDelta International, Electra, Aeron, and Qatar Technical, offering a wide range of cable management solutions.

Key Manufacturers and Suppliers

Altura Industries is a prominent manufacturer in Qatar, providing cable trays, ladders, wire mesh trays, and trunking systems. They specialize in GRP/FRP materials for corrosive environments and offer solutions compliant with BS EN 61537:2007, catering to MEP contractors and industrial projects. TransDelta International Industries L.L.C manufactures a full range of cable management systems under the Delta brand, including cable trays, ladders, trunking, and underfloor systems. Their products are ISO-certified and widely used in prestigious projects across Qatar and the GCC. Electra Qatar supplies cable trays and accessories suitable for residential, commercial, and institutional properties. They offer pre-galvanized and hot-dip galvanized trays, wire mesh baskets, heavy-duty trays with or without covers, and various fittings like bends, reducers, and tees. Aeron / FRP Cable Trays in Doha specializes in fiber-reinforced plastic (FRP) cable trays, including ladder, perforated, and covered types. These trays are corrosion-resistant and suitable for industrial and marine applications. Qatar Technical provides cable support systems including cable trays, ladders, and trunking. Their trays are available in solid and perforated designs, with pre-galvanized steel and hot-dip galvanization options. They also offer adaptable accessories and fittings for flexible installation.

Summary

These manufacturers and suppliers in Qatar offer a variety of materials (steel, galvanized, FRP), tray types (ladder, perforated, solid, wire mesh), and accessories to meet diverse project requirements. They also provide certifications and quality assurance to ensure compliance with international standards, making them reliable partners for electrical and telecommunication installations.
