

Which company makes the best common electrical distribution boxes in Laos

Article Overview

Legrand, Schneider Electric, and ABB/GE Industrial Solutions are among the top providers of complete electrical distribution boxes in Laos.

Legrand

Legrand is a global leader in electrical and digital building infrastructure, offering complete high-performance solutions for residential, commercial, and industrial applications in Laos through SBL. Their products include distribution panels, busbars, UPS systems, and structured cabling, all designed for reliability, safety, and ease of installation. Legrand emphasizes user-centric, ergonomic solutions and provides warranty-backed products, making it a strong choice for both homes and businesses .

Schneider Electric

Schneider Electric operates in Laos with a focus on electrification, automation, and digitalization. They provide a wide range of distribution boards, circuit breakers, and energy management systems suitable for industrial, commercial, and residential use. Schneider Electric is known for energy-efficient and sustainable solutions, with local support in Vientiane Capital to assist with installation and technical guidance .

ABB/GE Industrial Solutions via SNSK Company

SNSK Company represents GE Industrial Solutions (now part of ABB) in Laos, offering medium and low voltage distribution products, including plug-in boxes, switchgear, transformers, and panel boards. They also supply customized solutions for industrial applications, with products like Euromold connectors, RITZ instrument transformers, and AEG dry-type transformers. This makes them suitable for high-reliability industrial installations .

Market Overview

The Laos electrical enclosure market is growing rapidly, with imports mainly from China, Thailand, Vietnam, and Australia. The market includes wall-mounted, floor-standing, junction, and hazardous location enclosures, catering to industrial equipment protection, power distribution, and residential systems . Choosing a supplier with local stock, technical support, and warranty services is crucial for reliability and long-term performance.

Recommendation

For residential and commercial projects, Legrand and Schneider Electric are highly recommended due to their

Which company makes the best common electrical distribution boxes in Laos

comprehensive solutions, ease of installation, and local support. For industrial or medium-voltage applications, ABB/GE Industrial Solutions via SNSK Company provides robust, customizable, and high-capacity distribution systems. Selecting a supplier should consider project scale, voltage requirements, and after-sales support.
