

Which company makes the best enclosed cable trays

Article Overview

Top reliable manufacturers of enclosed cable trays include Atkore International, Legrand, Eaton, Schneider Electric, and Chalfant Manufacturing, known for durable, high-quality solutions suitable for industrial and commercial applications.

Leading Manufacturers

Atkore International Atkore is a global leader in cable management systems, offering durable enclosed and galvanized cable trays suitable for petrochemical, power generation, and industrial facilities. Their Cope brand is recognized for high-quality, long-lasting products with specialized solutions for challenging environments . Legrand Legrand provides a wide range of cable management solutions, including enclosed and wire mesh trays. Their products are designed for modern infrastructure, offering corrosion resistance, compliance with international standards, and ease of installation . Eaton Corporation Eaton manufactures comprehensive galvanized and enclosed cable tray systems for industrial and commercial applications. Their trays are widely used in data centers, manufacturing plants, and utility projects, emphasizing reliability and long-term performance . Schneider Electric Schneider Electric offers robust enclosed cable trays engineered for harsh industrial environments, including oil, gas, and chemical facilities. Their solutions focus on durability, safety, and compliance with industry standards . Chalfant Manufacturing Chalfant specializes in custom and standard cable tray systems, including walkable and self-connecting designs. With over 70 years of experience, they provide tailored solutions that meet stringent industry requirements .

Additional Notable Manufacturers

- o Snake Tray - Offers aluminum and steel cable trays with a focus on flexibility and durability .
- o Marco Cable Tray Systems - Known for versatile galvanized trays adaptable to complex installations .
- o AFC Cable Systems - Provides reliable, cost-effective galvanized cable trays for commercial projects .

Considerations for Choosing a Manufacturer

- o Material and Coating: Galvanized steel, stainless steel, or fiberglass for corrosion resistance.
 - o Compliance: Look for ISO 9001, EN 61537, or IEC certifications for quality assurance.
 - o Customization: Ability to provide tailored solutions for specific project requirements.
 - o Warranty and Support: Extended warranties and technical support can reduce long-term maintenance costs.
- These manufacturers are widely recognized for producing reliable enclosed cable trays suitable for a variety of industrial, commercial, and infrastructure projects, ensuring durability, safety, and compliance with international standards .
