Introducing ZTE's next-generation SmartView--a revolutionary "five-in-one" terminal that combines a set-top box, speaker, touchscreen, camera, and telephone. ? It systematically establishes four major smart gateways, reshaping the core application scenarios of the home: ? Entertainment: 4K video. 7nm high-performance platform, supporting 5G high-speed NSA&SA networks and global mainstream 4G/5G frequency bands, enabling an immersive 5G ultra-fast internet experience. The ZTE G5C 5G CPE delivers a Wi-Fi peak speeds up to 1800Mbps*, ensuring smooth and efficient performance for daily. ZTE provides a series of diversified 5G terminal devices including 5G Smartphone, 5G Indoor CPE, 5G Outdoor CPE, 5G UFi, 5G Ethernet Box and 5G Module. With its self-developed cloud platform as the core, ZTE will create integrated solutions, such as Industrial IoT (I-IoT), Consumer IoT (C-IoT) and. ZTE G5B Indoor CPE supports the latest Wi-Fi 6 access technology, allowing multiple users to access the 5G network at the same time. ZTE "Smart ANT" algorithm allows ZTE 5G Indoor G5B to independently select better signals. The device enables consumers to enjoy the advantages of ultra-fast 5G. ZTE MC888 is a fourth-generation 5G indoor CPE powered by Qualcomm Snapdragon X62 chipset which supports the 3GPP Release R16 standard and with the advanced 4nm technology. It supports both NSA and SA dual-mode 5G networks with fast speed, wide coverage and main global frequency bands. ZTE MC888 CPE. ZTE 5G Indoor CPE MC8020, SDX55 + Qualcomm Maple+Pine, WiFi 6E, 4*4 MIMO, AX5400, supports NSA&SA 5G Bands N1/N3/N7/N8/N20/N28/N77/N78/N40/N41/N384G LTE Global FDD and TDD 600MHz-3.8GHz, CAT22 With UK Plug in Original Box.

PRESS RELEASE: ZTE Corporation demonstrated a comprehensive suite of innovative products and solutions for radio access network at MWC

The ZTE ZXA10 POF 1:5 splitter terminal box provides power and data transmission channels for users to access the Internet.

The ZTE G5C 5G CPE delivers a Wi-Fi peak speeds up to 1800Mbps*, ensuring smooth and efficient performance for daily tasks--whether streaming short videos, watching HD movies, handling heavy

It integrates all indoor terminal functions required for 5G FWA service deployment, so that consumers can enjoy incredible new experience in 5G AR, cloud games,

199,00 EUR G5TS is the excellent entry-level model of the ZTE 5th-generation 5G wireless router series. It supports 5G NR Rel.16 technologies, and provides Wi
